

Furious Scrag

Death Blow

If the Butcher is killed at this location, it is beheaded. Curiously, its lifeless body remains standing.

The survivors rejoice and the moment changes them forever. Each survivor may select either:

- +1 permanent evasion
- +1 permanent accuracy

Add +2 to the result of your roll on the Butcher's **Rewards** in the Aftermath.

Critical Wound

The Butcher is shocked! *(This is the only Butcher hit location with a critical wound effect and thus, the only location that can be critically wounded.)*

You may gain the **Mighty Strike** Fighting Art.
